SIS Group of Companies

Sustainable Innovative Solutions (Pvt) Ltd or SIS Group provides eco-friendly, sustainable, and innovative solutions to the domestic and industrial engineering sector in Sri Lanka. Offering a wide product range and service range, we deliver end-to-end solutions assisting our customers in heading towards a more sustainable world.

We have years of expertise in the industry working across diverse of industries. At SIS group we are focused on quality solutions with a commitment to our customers to provide reliable and effective solutions to fit their requirements and budget utilizing the latest technology and products.

With a team of industry experts and skilled workers, we have the capability to combine innovation and technology with an eco-friendly and sustainable approach to help our customers accelerate their sustainable transformation for a sustainable future while saving them time, money, and effort.

Innovative Solutions is focused on helping every small to midsize business, across Sri Lanka, leverage the power of the cloud to drive business growth.

At Innovative, the customer always comes first. There is no 'one size fits all mentality. Our team is flexible and will work with you to navigate the cloud in a way that aligns with your individual business needs. From the very first interaction and every step along the way, we're committed to doing what's right for your business, your productivity, and your bottom line.

To provide eco-friendly, sustainable, and innovative engineering solutions for both commercial & domestic sectors to solve the challenges they are encountering daily.
